## About Us

**Highline Adventure specialises in delivering dynamic, high impact mobile outdoor activities for commercial, educational and private events across the UK.**

We can provide a range of activities to suit all ages including mobile climbing walls, mobile half pipes, mobile skateparks and mobile bouldering walls as well as exciting team building activities together with canoeing and archery.

Whether you are a school or club looking for progressive learning, an expedition experience, or an event organiser looking for dynamic and crowd pulling entertainment, we can provide you with a tailor made package to suit your specific requirements. We bring our range of equipment directly to your event and can provide qualified staff to work with your team, delivering a truly unique and unforgettable experience.

We can provide outdoor activities for periods ranging from as little as an hour to as much as a year!

John Knowles, director of Highline Adventure attained a Diploma in Outdoor Activities at the College of West Anglia in 2001. He is nationally qualified to instruct canoe, kayak, sail, climb, archery and is a Mountain Leader. He also has a Certificate of Education.

Over the last 10 years he has led expeditions for teenage students to such places as Outer Mongolia, China, Peru, Guyana, Guatemala, Belize, Kenya, Morocco and others. He has worked as a freelance instructor throughout the UK for the last 10 years.

The Highline Adventure team (some of whom are pictured left) are all fully trained instructors and are NGB Qualified for canoeing, climbing and archery. We guarantee to deliver a truly memorable event that encourages maximum participation and enjoyment!

## For Event Organisers

**Highline Adventure is quickly establishing itself as a leading provider for the events management and entertainment industry, providing a wide range of new and exciting activities.**

### **We can help you deliver an event with a difference**

Whether you are organising an indoor or outdoor event, we can help you to provide a spectacular and crowd pleasing event with engaging and motivational activities designed to appeal to visitors of all ages and abilities.

Much of our equipment is also suitable for visitors with disabilities.

When it comes to planning and organising an event, we appreciate the need for reliable and effective suppliers and we pride ourselves on delivering a first class service, which includes;

- Fast and efficient set up and pack down of equipment
- Fully qualified, experienced and enthusiastic instructors
- Maximum participation and enjoyment of activities
- Fully insured and risk assessed operation

## Outdoor Activities Brought to Your School

**Highline Adventure delivers dynamic mobile outdoor and indoor adventure activities for schools and organisations. We provide a range of age appropriate activities from climbing, skate boarding, archery, mini fencing, as well as problem solving, all promoting personal development within a teambuilding environment. The portable nature of the activities means a convenient, fully supervised, cost effective event can be delivered direct to your school for an exciting, hassle free day.**

With Highline Adventure there is no need to undergo the cost and logistics of transporting students, risk assessing sites, rearranging parental pick-up times or persuading teachers to accompany students on away trips. We bring our fully risk assessed and liability insured activities operated by fully qualified, CRB registered staff to your site, hassle free.

The mobile climbing walls are the tallest in the UK at an impressive nine metres. They can be set up on grass or hard surfaces and like all the portable equipment can be set up in about 40 mins. The wall can accommodate six climbers at a time, each face can be altered for any ability and climbers can top rope, Lead Climb, Abseil or Boulder.

Highline Adventure mobile skate parks comprise a set of street course ramps, ideal for large numbers of skaters of all abilities. The park provides something for everyone, from beginner to expert, BMX or mountain bike rider, inline skater or boarder. The skate parks can be delivered to any location in the UK and consist of 11 skate ramps and rails: 2 Quarter pipes, Flat bank, Spine, Ramp to wall, 2 Fly offs, Fun box, Grind rail and 2 Driveways and can be set up in 40 minutes.

Bouldering walls are an ideal introduction to climbing or a tool to improve technique whilst only a few feet off the ground. This is a round and round traversing wall designed to see how long you can stay on the wall, how far round can you get. The bouldering wall gives the 30 or so participants the freedom to set their own challenges and explore their own abilities in a stress-free, non-competitive environment. No need for helmets or harnesses, they just quietly get on with it in their own way.

Highline Adventure can provide archery courses for groups of all ages. Archery equipment is fully portable and can be set up in an area of 10m by 15m minimum. Our staff are experienced in the provision of practical problem solving/team building exercises designed to stimulate communication, team-work and co-operation within groups of any age.

Highline Adventure mobile equipment can be used effectively indoors or outdoors depending on customer requirements. Our aim is to give you a reliable top quality experience for your students, that is easy for you to achieve, at an affordable price.

### Key Information

- Highest UK mobile wall at 9 metres with 6 climbing faces
- Spider Mountain Challenge
- Archery, problem solving, skate park
- Activities suitable for indoors or outdoors
- Suitable for all age groups
- All equipment insured and risk assessed
- Free 'baby boulder' wall with 9m wall
- Mini Fence

"The team were excellent, they worked exceptionally hard. They were very professional, totally focused on the job in hand. I would recommend your company without hesitation to other schools and look forward to being able to use your company again in the future. I can't think of any improvements to be made."  
Head Teacher, Neatherd High School

## Mobile Climbing Walls

**Highline Adventure mobile climbing walls provide an excellent climbing facility for all users. Have fun, try climbing for the first time or perfect your climbing skills and techniques, these really are the world's most versatile climbing walls!**

**The Highline Adventure wall can accommodate a vast range of climbing techniques. You can top-rope, bottom rope, lead climb, abseil and boulder. This, the tallest climbing wall on the market is 9 metres high and can be climbed by six people simultaneously maximising throughput with the use of 5 auto-belays and a rope.**

There are retractable overhangs for maximum variety and excitement, with easier all ability climbing and ice climbing options available too.

### Quick Facts

- Set up in 40 minutes
- Erected indoors or outdoors, hard standing or grass
- 2m wide by 2.9m high clearance when down and 8m by 5m ground area to operate
- Up to 6 climbers at a time
- Also can be used with up to 6 ropes and belay devices for instruction of progressive climbing techniques.
- Available to rent staffed or unstaffed
- Long and short term rentals available
- Erected and dismantled by Highline staff (except for longer term rentals where training will be provided)
- Staffed rentals include all safety equipment inc. helmets, harnesses, ropes, auto belays etc
- Supplied with small bouldering wall at no extra charge for the 5 and under, so no one is excluded!!
- Crate Stacking

## Spider Mountain

**A Mobile Climbing Wall experience with a difference! Climb up vertically through a series of 9 vertical chambers made up of horizontal webs of criss-cross elasticised bungee webbing.**

There is no need for harnesses or helmets. Just make your way in through the easy entry and then scramble up, it's not as easy as it looks! As you navigate chamber by chamber, the heavier you are the more the elastic stretches and the harder it is. Light and agile wins again!

Keep climbing until you reach the very top at over 7 metres high. This is outrageous fun for all ages, energetic, exciting, and such a buzz looking out from the top, way above looking down at people like ants on the ground from your spider haven. No worries about falling, there is no clear path to drop down, as you come down you will be caught by the bungees at each level on the way, and the Spider Mountain is enclosed by a safety net from top to bottom.

### **This equipment is ideal for just fun activities;**

- A challenging experience every time
- Great for developing motor skills
- Takes up to 15 people at a time
- Easy entry and exit for adults and kids alike
- No time spent with harnesses and helmets

### **Also ideal for Team Building with challenges such as;**

- Get a team member at each level of the tower
- Get every team member up and down
- Ball Team Relay, get the balls up & down the tower.
- Team Relay
- Race to the top, one on one, fastest time.

These challenges can be pitched at any level for all abilities.

This equipment can be set up in 5 minutes; it is operated only by fully trained staff and is supervised at all times

## Mobile Skateparks

**Highline Adventure mobile skateparks comprise a set of street course ramps, ideal for large numbers of skaters of all abilities. They provide something for everyone, from beginner to expert, BMX rider, inline skater or boarder.**

**Our skateparks are fully mobile, can be set up within 45 minutes, and are an ideal way to provide facilities for an increasingly popular sport on a temporary basis.**

The skatepark consists of 11 skate ramps and rails:

- Quarter pipes x 2
- Flat bank
- Spine
- Ramp to wall
- Fly off x 2
- Fun box
- Grind rail
- Driveways x 2 (one with step and grind rails)

### Quick Facts

- Variety of layouts available
- Need a minimum area of 400m<sup>2</sup> (for example 20m x 20m)
- Can tailor the layout for small or unusually shaped areas
- Can be set up on grass but this limits use to BMX & Mountain Bikes.
- Available for rent staffed or unstaffed
- Available for full-day, weekends or long term projects
- Erected and dismantled by Highline Adventure Staff in about 45 minutes. (except for long term rentals where training will be provided)
- Safety Helmets must be worn of which we will provide approximately 20 helmets with a rental
- Other safety equipment such as elbow protectors, knee pads etc will be supplied and must be worn

# Mobile Skatepark Components

Highline Adventure offers the following skatepark components.

## Mobile Half Pipes

**Highline Adventure Half pipes are an excellent alternative to street courses as a completely different set of tricks can be performed. They are ideal for skateboards, inline skaters and BMX riders and can be set up in about 45 minutes and dismantled in a similar time.**

**Our mobile halfpipe is an excellent stand-alone ramp or can be used together with our trailer skatepark. Being fully surfaced it can be used either on a sealed surface or firm level grass.**

Whilst only two riders can be active at once, large groups will gather on the platforms to wait their turn. For this reason such a ramp could be particularly suitable where engagement with the young people is sought, for example for counselling programmes or police liaison/drug awareness projects.

### Quick Facts

- Available for rent staffed or unstaffed
- Takes 45 minutes to set up
- Available for full-day, weekends or long term projects
- Erected and dismantled by Highline Adventure staff (except for long term rentals where training will be provided)
- Safety helmets must be worn, of which 20 will be provided
- Additional safety equipment such as knee pads, wrist protectors etc will be provided and must be worn
- Skateboards are also provided

## Mobile Bouldering Walls

**Our mobile bouldering walls offer fun for all ages on any occasion and are an ideal introduction to climbing or a tool to improve technique whilst only a few feet off the floor.**

**The bouldering wall gives the participants the freedom to set their own challenges and explore their own abilities in a stress-free, non-competitive environment. They just quietly get on with it in their own way. This bouldering wall works well in conjunction with the mobile climbing wall, acting as a warm up, allowing the climber to get a feel of the holds and get into the movement of climbing, building confidence before moving on to the big wall.**

### Quick Facts

- Boulder wall size of area required is 15m x 5m for all sides in use, 15m x 3.5m for 3 sides in use, 9m x 3.5m for only front in use.
- Surrounded by thick, shock absorbant crash matting
- No need to kit up in harnesses and helmets
- High throughput of participants with up to 35 climbers at any one time
- Overhanging faces
- Infinite route combination
- 3m high by 9m long and the length can be shortened in stages to 1.5m to fit any venue.
- Erected indoors, outdoors, on hard standing or grass, the bouldering wall can be transported through a standard single doorway
- Available staffed or unstaffed

### Baby Bouldering Walls

Our 'baby' bouldering walls are intended for 5 year olds and under, although are fun and robust enough for older users. They each offer 13m<sup>2</sup> of gently angled climbing surface over crash matting. They clip together in no time.

- Can be hired separately or is provided with the climbing wall at no extra charge.

### **NEW!! Junior Bouldering Wall**

2½ times the area of the Baby Bouldering Wall, 30m<sup>2</sup>. Great for students of Primary School age

## Other Activities

### Archery

Our GNAS qualified instructors can provide archery courses for groups of any age. The archery equipment is fully portable and can be set up in any safe, open area of 10m by 15m minimum.

### Orienteering

Orienteering sessions are available from our British Orienteering Federation trained staff. Orienteering is an activity that can be carried out in an area from the size of a classroom to the size of a forest, or anything in-between.

### Problem Solving and Team Building

We have designed and built a package of 20 portable, practical team tasks that can be brought to your venue and used indoors or outdoors. Our staff are experienced in the provision of practical problem solving exercises designed to stimulate communication, team-work and co-operation within groups of any age.

### Progressive/ Developmental Climbing Courses

Highline Adventure can provide a developmental programme using our Climbing Wall or Bouldering Wall for students of any age. The course will cover everything from fitting a harness and helmet to safety, climbing techniques, belaying and abseiling. The inter-dependency, trust, communication and reliability involved in rock climbing are key factors within this course.

The instructors leading this programme have been assessed by the Mountain Leader Training Board to instruct and lead groups on single pitch rock climbs (SPA) and artificial climbing walls.

### Mini-Fence

This scheme is designed around the very basic fencing moves and concepts in order to improve physical and mental skills in an unusual and enjoyable way. For the under 8's the skills and educational content are far more important than the actual fencing. If any of them go on to be fencers, that will be a bonus but we want them to learn that exercise is fun and putting effort into improving is satisfying. This is seriously good fun and a great opportunity to release some energy in a harmless way.

## Canoeing

All our canoeing staff are British Canoe Union qualified to lead on river or lake expeditions, large or small, tailored to your requirements. Trips of one day or several days, camping or B&B overnight can be catered for.

Canoeing adds a different and fun aspect to multi activity days, a river or lake in your locality can easily be used as a local resource.

All canoes, paddles and safety equipment are provided for you.

We can bring our canoes and staff to your area, having researched water access, suitability and carried out risk assessments. We can explore the rivers, canals and lakes in your region in a safe and controlled environment, as a day trip or over a number of days. The only limit is your imagination!

## Horse Riding

Highline Adventure have 8 horses turned out in paddocks all year-round, and from their base you can ride in the surrounding forest or travel a short distance to the coast where you can explore any number of sandy beaches and remote areas, cantering over the sands, or swimming in the sea.

If you prefer we have two 4 horse trailers and 4 wds to bring the horses to a location of your choice where we can create an experience to suit your requirements.

Our horses are not able to cope with boggy, marshy areas, rocky ground or very steep slopes.

The horses are all thoroughbred cross, are very forward-going, very lively and can only be ridden by highly skilled, very experienced riders.

Participants will be required to take out and provide evidence of their own insurance cover.

It must be emphasised that horse-riding is a very high risk sport.

## Rental Terms & Conditions

- **Highline Adventure Limited** personnel will deliver the equipment to site and erect it. They will also dismantle the equipment at the end of the hire period and remove it from the site.
- A suitable area for the erection of the equipment is required:-
- *Climbing Wall* - We recommend this is a level area of hard standing or of firm grass 5m X 8m in size. **Highline Adventure Ltd** staff will have the final say in the suitability of the site for safety reasons. If access is limited or you are unsure of the suitability of the site please discuss it with us before booking. The Climbing Wall when packed down is 6'6" wide, 10' long and 9'6" high.
- *Bouldering Wall* - We recommend this is a level area of hard standing or of firm grass 15m X 5m in size. **Highline Adventure Ltd** staff will have the final say in the suitability of the site for safety reasons. If access is limited or you are unsure of the suitability of the site please discuss it with us before booking.
- *Skatepark* - We recommend this is a level area of tarmac or concrete 20m X 20m minimum in size. For use only with BMX bikes firm smooth grass is suitable. **Highline Adventure Ltd** staff will have the final say in the suitability of the site for safety reasons. If access is limited or you are unsure of the suitability of the site please discuss it with us before booking.
- *Halfpipe* - We recommend this is a reasonably level area of firm ground 10m X 15m minimum in size. **Highline Adventure Ltd** staff will have the final say in the suitability of the site for safety reasons. If access is limited or you are unsure of the suitability of the site please discuss it with us before booking.
- *Spider Mountain* - Mounted on a trailer 9m long, 2m wide. Please be sure to assess access limitations.
- The event organiser is responsible for ensuring that there are suitable crowd control arrangements in order to keep the viewing audience at least 3m from the edge of equipment.

### Climbing Walls

Users of the climbing wall must use appropriate safety equipment. **Highline Adventure Ltd** agrees to supply for use during staffed events such safety equipment. Helmets must be worn by all participants. Please advise us if your organisation has a policy on helmet usage. Unstaffed climbing wall rentals i.e. With supervision staff provided by the hirer, are without equipment, unless specifically agreed in writing at the time of booking. All equipment used must conform to industry safety guidelines. **Highline Adventure Ltd** can take no responsibility for the hirer's equipment. Operation/erection/dismantling of the climbing wall must only be carried out by trained and appointed persons. Please ask at the time of booking if you are likely to require such training.

### Bouldering Walls

Please advise us if your organisation has a policy on helmet usage.

Unstaffed bouldering wall rentals i.e. With supervision staff provided by the hirer, are without equipment, unless specifically agreed in writing at the time of booking. All equipment used must conform to industry safety guidelines. **Highline Adventure Ltd** can take no responsibility for the hirer's equipment. Operation/erection/dismantling of the bouldering wall must only be carried out by trained and appointed persons. Please ask at the time of booking if you are likely to require such training.

### Skateparks / Halfpipes

- Users of the skatepark / halfpipe must use appropriate safety equipment. **Highline Adventure Ltd** agrees to supply for use during staffed events such safety equipment. Helmets must be worn by all participants. Knee, elbow and elbow pads must be worn by all participants. Please advise us if your organisation has a policy on safety equipment.

### Unstaffed Skateparks / Halfpipes

- Unstaffed skatepark / halfpipe rentals i.e. With supervision staff provided by the hirer, are without equipment, unless specifically agreed in writing at the time of booking. All equipment used must conform to industry safety guidelines. **Highline Adventure Ltd** can take no responsibility for the hirer's equipment. Erection/dismantling of the skatepark must only be carried out by trained and appointed persons. Please ask at the time of booking if you are likely to require such training.

- The hirer is responsible for insurance during unstaffed rentals, both for the activity and replacement of the wall.

The climbing wall has a replacement cost of £25,350 and the 5 autobelays are £1,650 each, all plus VAT.

The bouldering wall has a replacement cost of £12,000 plus VAT

The halfpipe has a replacement cost of £9,000 plus VAT.

skatepark has a replacement cost of £25,000 plus VAT.

- If **Highline Adventure Ltd** supplies staff for the event they will be suitably trained, CRB checked (if appropriate) and at least one will have a current first aid qualification.
- Our aim is to allow all to experience climbing on our walls and / or skating on the skateramps, but **Highline Adventure Ltd** retain the right to limit participation for safety or other reasons.
- **Highline Adventure Ltd** has in place Public Liability Insurance (£5 Million) .
- No discount or reduction in fees will be made if the weather or other conditions outside the control of **Highline Adventure Ltd** preclude all or part of the event taking place.
- Our conditions of payment are:
  - 25% fee must be paid on booking, fully refundable if cancellation is 12 weeks or more prior to the event. This is otherwise non-refundable unless **Highline Adventure Ltd** are able to replace the booking with one of equal or higher value in which case **Highline Adventure Ltd** will make an administration charge of £25
  - The remaining 75% of the fee to be paid 10 days prior to the event
  - If **Highline Adventure Ltd** fails to attend under no circumstances will consequential losses be met. Concerned hirers are advised to take out insurance to cover this eventuality. Further advice is available from **Highline Adventure Ltd**.
